

This note is a testimonial for EPL Tax and Peter Ellefson:

I sold my husband's tax practice to EPL Tax Group, LLC. My husband, David Barone, passed away suddenly and EPL came through to help me and my husband's clients.

EPL was very transparent and allowed me to verify all facts and figures so we could determine payouts after the 2016 tax season.

I was given full access and input.

EPL also took excellent care of our clients and I received very positive feedback from many clients.

Sincerely,

*Virgie Barone*
